## Summer Course Meeting Times

The following summer meeting times are organized based on session and credits to provide the minimum amount of course contact hours to meet accreditation standards. The document also lists the Registrar Office's recommended meeting patterns, which serves to maximize room efficiency and reduce possible time conflicts for students taking multiple classes; however, a department is not required to follow these times, as they are in the fall and spring terms.

Note: Due to how the calendar may fall in a given year, the Memorial Day and Independence Day holidays may affect the total number of course meetings for Summer Term classes. Please take these days into consideration when selecting meeting patterns, especially in regards to classes meeting only once a week.

A professor may request makeup sessions, but attendance cannot be required if it falls outside of the listed scheduled times. Also, students unable to attend such sessions cannot have their grades adversely impacted.

*If you have any questions regarding this document, please contact the Course and Class Scheduling Department.*
